#### Education

University of California, Berkeley

BERKELEY, CA

CERTIFICATE FOR UI/UX DESIGN

Apl 2023 - Oct 2023

Courseworks: User Research, Wireframing, Prototyping, UI Styling Guide, UI design, HTML/CSS, problem solving, collaboration

**BOSTON UNIVERSITY** 

Boston, MA

HENRY GOLDMAN SCHOOL OF DENTISTRY

Aug 2020 - Jul 2021

Courseworks: General Dentistry, Oral Biology, Evidence Based Dentistry, Microbiology, Biochemistry, Genetics, Dental Anatomy

**BOSTON UNIVERSITY** 

Boston, MA

MASTERS IN ORAL HEALTH SCIENCES

Aug 2019 - May 2020

Courseworks: Biochemistry, Physiology, Evidence Based Dentistry, Pathology, Microbiology, Infectious Disease, Anatomy

University of the Pacific

STOCKTON, CA

**B.S.** IN **BIOLOGICAL SCIENCES** 

Aug 2015 - May 2019

Courseworks: Chemistry, Physics, Biology, Biochemistry, Genetics, Anatomy/Physiology, Molecular Technology, Microbiology

## **Experiences**

#### MAYVIEW COMMUNITY HEALTH CENTER

PALO ALTO, CA

MEDICAL SCRIBE

SEP 2021 - MAY 2023

Drawing from my previous collaborative experiences, I was able to integrate and adapt into the system of working with a team. Engaging with numerous patients also enabled me to empathize with their experiences. Moreover, my passion for research significantly contributed to assisting a doctor I worked with in solving a perplexing medical case.

#### Dr. Serena Hu's Dental Office

MountainView, CA

DENTAL ASSISTANT

Jun 2017 - Jul 2021

While I was preparing for dental school, I had the chance to work with Dr. Serena Hu. As I assisted her and her dental team, not only was I able to learn the value of collaboration, but also the importance of empathy in understanding and addressing the patients' needs.

### University of the Pacific

STOCKTON, CA

Research Assistant

Aug 2017 - May 2019

During my time as an undergraduate researcher, I learned many valuable skills as a scientific researcher under my biochemistry professor. We studied the relationship of GADD34 and CReP in the context of ER stress. I was tasked with analyzing scientific journals and conducting experiments alongside my professor to compile data for the end of the year presentation. In the last year, I took on a leadership role, guiding less experienced students in our lab.

#### Skills:

Proficient with Figma, miro board, ux researcher, critical thinking, problem solving, data analysis, wireframe, prototype, design thinking, UI design, HTML, CSS, collaboration
